Eikon Therapeutics to Participate in KOL Event on Therapeutic Use of PARP Inhibitors in Oncology Hosted by Cantor Fitzgerald

August 18, 2026

Event and Webcast to be held August 20th, 2026, 9:00 AM ET

MILLBRAE, Calif., Aug. 18, 2026 (GLOBE NEWSWIRE) -- Eikon Therapeutics, Inc. (Nasdaq: EIKN) (“Eikon”), a late-stage clinical biopharmaceutical company dedicated to developing innovative medicines to address serious unmet medical needs, today announced that its Chairman and Chief Executive Officer, Roger M. Perlmutter, M.D., Ph.D., will participate in a key opinion leader (KOL) event on Thursday, August 20, 2026, at 9:00 AM ET, hosted by Cantor Fitzgerald and featuring Dr. Timothy A. Yap, MBBS, PhD, FRCP, medical oncologist and physician scientist from the University of Texas MD Anderson Cancer Center.

Dr. Timothy A. Yap currently serves as Vice President and Head of Clinical Development in the Therapeutics Discovery Division at the University of Texas MD Anderson Cancer Center, and is a Professor in the Department for Investigational Cancer Therapeutics (Phase I Program) and in the Department of Thoracic/Head and Neck Medical Oncology. Dr. Yap is and/or has been Principal Investigator for multiple clinical trials and translational studies evaluating novel strategies for targeting the DNA damage response in cancer and is an expert in the use of PARP inhibitors in oncology. Dr. Yap receives compensation as an advisor to Eikon, and this financial relationship has been disclosed to UT MD Anderson’s Conflict of Interest Committee in accordance with its institutional policy. Dr. Yap will discuss the current therapeutic landscape of PARP inhibition in breast, ovarian, prostate and pancreatic cancer, including usage of approved agents, therapeutic outcomes and limitations of currently available agents targeting PARP and parylation in oncology.

The event will be hosted by Imogen Mansfield at Cantor Fitzgerald. To access the archived webcast, please visit http://investors.eikontx.com/news-events/events. A replay will be available on the Eikon website for 30 days following the event.

About Eikon Therapeutics
Eikon is a late-stage clinical biopharmaceutical company dedicated to building a global, fully-integrated organization developing innovative medicines to address serious unmet medical needs. Eikon’s initial focus is oncology, where it is advancing a pipeline of drug candidates targeting areas of high unmet need that could eventually become critical medicines for the treatment of various cancers. Eikon deploys its technology platform, including its proprietary single molecule tracking system, to develop internally-derived novel therapies, while also leveraging the deep expertise of its management team to in-license promising assets. Eikon’s vision is to become a generational leader, by purposefully integrating traditional biology research with advanced engineering to develop better medicines faster. Forward-Looking/Safe Harbor Statements
This press release contains forward-looking statements within the meaning of the “safe harbor” provisions of the Private Securities Litigation Reform Act of 1995. All statements in this press release that are not historical facts are hereby identified as forward-looking statements for this purpose. These statements may be identified by words such as “aims,” “anticipates,” “believes,” “could,” “estimates,” “expects,” “forecasts,” “goal,” “intends,” “may,” “plans,” “possible,” “potential,” “seeks,” “will” and variations of these words or similar expressions that are intended to identify forward-looking statements, although not all forward-looking statements contain these words. Forward-looking statements in this press release include, but are not limited to, statements regarding: the therapeutic potential, safety, and efficacy of Eikon’s product candidates; the timing for anticipated data readouts; expected milestones and business objectives for 2026 and beyond; and other statements regarding Eikon’s future operations, financial performance, financial position, prospects, objectives, strategies and other future events.

These forward-looking statements are based upon management’s current expectations and assumptions, and are subject to a number of risks, uncertainties and other factors that could cause actual results and events to differ materially and adversely from those indicated by such forward-looking statements including, among others: our limited operating history; our significant net losses incurred since inception and the likelihood of incurring additional losses for the foreseeable future; our need for substantial additional funding; the early stage of development of many of our product candidates and the possibility that our product candidates may fail in development; our dependence on the success of our current product candidates; our ability to leverage our technology platform to enable more informed drug research and development; legal and regulatory risks; intellectual property-related risks; and those risks, uncertainties and other factors discussed under the caption “Risk Factors” and elsewhere in Eikon’s Quarterly Report on Form 10-Q for the quarter ended June 30, 2026, filed with the Securities and Exchange Commission (“SEC”) on August 13, 2026, and in other public filings with the SEC in the future.

As a result, you should not place undue reliance on any forward-looking statements. The forward-looking statements made in this press release speak only as of the date of this press release, and Eikon undertakes no obligation to update such forward-looking statements, whether as a result of new information, future developments or otherwise, except as required by law.
